INTRODUCTION

About MDU

MDU's specialized areas of research include green energy (solar, wind, and hydrogen), green manufacturing (advanced surface engineering), and green agriculture (organic and greenhouse). As a university founded in 21st century, MDU is committed to pursue the excellence of education by student-oriented teaching, mission-oriented research, globalization, and entrepreneurship.

FIELDS OF INTEREST FOR COLLABORATION

1. Short-term Academic and Culture Exchange programs
2. Cooperative Master's and Bachelor's Degree programs
3. Faculty Exchange programs
